# WESTBANK FIRST NATION

**Population:** Over 900 WFN Members and 11,000 non-Member residents

Located in south central British Columbia, Canada, the Okanagan Valley is home to Westbank First Nation (WFN), one of eight First Nation communities that comprise the Okanagan Nation. The Okanagan (syilx) traditional territories extend from the south central interior of British Columbia to north central Washington State. The syilx are a division of the Interior Salish and speak the nsyilxcen language.

On April 1, 2005, and after nearly two decades of community consultation and negotiation, the Westbank First Nation Self Government Agreement came into effect. WFN aims to continue growing the economy on Westbank Lands and provide a solid and predictable economic climate in which businesses can flourish and Members can prosper.
